Student Comments:

- Dr. Denly is an incredible professor and I learned a lot in this class! I also enjoyed the structure of each class. That being said, a lot of the work was left to the students and he only began to give a very short lecture at the end of each class after a student asked.
- He is a phenomenal teacher
- The PBLs were a great way to learn to look for research methods, how the author went about deciding their approach, the intent, the outcome, and why it is important.
